S4-C221 'Green' The New Super Cat 2:1 Alarm

The new **Super Cat 2:1 Alarm system** from Datatool®, specifically designed to upgrade motorcycles already fitted with a Thatcham Cat Two system to full Cat One status:

Unique Shape
Designed to fit in even the most awkward spaces.

Small Remote Control
Designed for bikers with universal key conversion included, so no more uncomfortable bulges.

Ultra low Power Draw
With ultra low current draw in 'winter mode'.

Metal Nose Cone
Protects high power siren in the event of an attack.

Unique PIN Override
Customer selectable PIN even if remote control is lost.
